

FREE MILK FOR BABIES AT NASHVILLE INSTITUTE.

The free milk station, which was opened August 18th at the Nashville Institute, for sick babies, has reached an increasing number of needy ones from day to day. The object of those in charge has been to help people living too far away to reach the city stations where impartial and splendid service is being given. Through the gifts of those interested in the new station the work has thus far been carried on very successfully. It is a private enterprise and not connected with the City Board of Health and therefore must depend entirely upon the free-will offerings of friends of the Institute and those sympathizing with sick children. More money is needed and an appeal is hereby made for help. Would you like to have a part in this good work? If so, send your gift to Miss M. Louise Duncan, 913 Eighteenth avenue, North, as soon as possible.

Besides the number of whites who have contributed to the work, the following are among those who have sent in gifts:

Clark Memorial M. E. Church, \$8; Lawrence Chapel, Murfreesboro District, \$1.20; Pleasant Green Baptist Church, \$1; St. Paul A. M. E. Church, \$4; First Baptist Church, \$2.50; Hiram Harding, \$5; Prof. Randall, \$2; Knokles School Alliance, \$2.00.

VERY SUCCESSFUL WAS FIRST COLORED TAG-DAY

Benefit Colored Reform School. At the suggestion and under the leadership of Mrs. Marie White Stevenson the colored citizens of Nashville had their first tag-day.

Seeing the great need of certain articles of wearing apparel among the inmates of the Colored Reform School, she felt she could supply this much desired need and calling to her aid Miss Mary Jane Watkins, Mrs. Selma Jarrett, Mrs. Annie Henderson, Mrs. Rachael Fleming and Mrs. Lina Jordan. She placed them at three places only—Cedar and Public Square—Cedar and Fourth Avenue and in a few hours they were successful in raising \$26.17. Mrs. Stevenson and all the ladies were gratified at the hearty and liberal responses from the men and the very courteous treatment they received in every instance.

VISITORS TO THE N. M. A. COMPLIMENTED.

A dance was given Tuesday night at the Majestic Theatre by the Algonquin Club complimentary to the visitors of the N. M. A.

On this evening half the elite of Nashville was present. Girls beautiful and young, and the charming matrons, were dressed with the greatest possible elegance. Good music and plenty of lights were the

chief elements of the success of the ball and the sweet strains of music that floated over the hall showed that the club understood what good music was.

Many beautiful women and handsome men were present, and when the sweet soft strains of music filled the room the dancing began. Quite a large crowd attended the dance, and fashions were well represented throughout the evening. Roman punch was served. The grand march started at 10 o'clock and afterwards some of the latest dances were indulged in until about 2 a. m.

DR. WILSON OPERATING AT NATIONAL MEDICAL ASSOCIATION.

At the clinics at Hubbard Hospital, Thursday morning Dr. J. T. Wilson, surgeon-in-chief, at Collins Chapel Hospital of Memphis, Tenn., demonstrated to the delegates attending the National Medical Association that he stands in the front ranks as a surgeon.

A large nodular fibroid tumor was removed by Dr. Wilson with such ease that it did not appear that an operation of such magnitude was being performed. The patient was soon relieved of a trouble that had caused untold misery for about seven years and will in a few days be well and strong. He was assisted in this operation by Dr. J. H. Hale of this city. Dr. Wilson, though a very rapid operator, never fails to look after every detail to safe-guard the life of a patient. The people of Nashville are proud of the record their son has made and are not timid in letting the world that Dr. Wilson is their own doctor. aD65b

MEHARRYITE FROM BEMUDA

ERROR CORRECTED.

In one of the columns of last week's issue appearing in the column of the East Fork Baptist Association which was held at Sylvan Street Baptist Church, stating that the welcome addresses were made by Mrs. Morgan and Mrs. Ella Driver, is an error. Instead they were made by Misses Bettie M. Morgan and Ella B. Driver.

TURNED INTO COOPER CLUB.

(Continued from Page 1.)

Dr. J. A. Kenney, of Tuskegee, Ala., who is president of the National Association, was introduced, but owing they said that it had strayed from the purpose for which it was organized.

There are members in the Club who favor all of the candidates and they did not approve of the endorsement of any as a Club but rather approve of the original plan in the outset; merely organize all the men and educate them in municipal government and allow each member to judge for himself who he should vote for in the re-election.

ATHLETICS AND A. M. E. TIE UP.

For first place in pennant race of the Capital City League all other contestants were eliminated when A. M. E. defeated the Baptist Hill Swift team by a score of 6 to 3 Tuesday at Greenwood Park. The A. M. E's have strengthened their pitching staff and outfield with the addition of Ford and Robertson formerly of Southern Stars. While the Athletics have their same lineup with the exception of pitcher, Martin.

In all probability there will be played a series of three games to decide the championship of the league. While the Athletics have won more consecutive games than any team in the league, the A. M. E's have won just as many. The Athletics are picked to win the pennant from the A. M. E. The games will be more than closely contested. Harris-Martin will doubtly twirl for the Athletics and "Old Reliable" Amos Allison will do the receiving, while the A. M. E. have a larger force to pick from, Abernathy, Ford, Calhoun, McGavock are all good. Should the Athletics win, they have a challenge to play off a States Championship Series with the strong Clarksville bunch of which Mr. Wiley Johnson is manager.

Let everybody watch next week's issue of the Globe for further details.

DR. BROWN REJECTED PRESIDENT.

(Continued from Page 1.)

to the lateness of the hour he refrained from making a talk.

Wednesday morning found the doctors hard at work in the different departments. The surgical section, however, was the busiest of all. Drs. Perry, Terrell and Williams were doing the major portion of the operating. In the matter of skill and judgment it is being freely discussed among the physicians.

A new star has appeared in the surgical horizon in the person of Dr. C. A. Terrell, of Memphis. It is being said often among the physicians attending this meeting that Dr. Terrell is the peer of any man at the meeting.

Wednesday night brought together a large crowd to listen to the discussions of the physicians. Promptly at 10 o'clock the meeting was adjourned and the doctors boarded three special cars and went to Greenwood Park, where a smoker was enjoyed until the wee hours of the night. They were the guests of Rev. Preston Taylor, proprietor of the park.

Dr. A. M. Brown of Birmingham, Ala. was elected president of the National Medical Association yesterday. The next session will be held in Raleigh, N. C.

BURRUS' ASTHMA CURE
A REMEDY THAT CURES

DR. P. R. BURRUS

619 Cedar St.

Nashville, Tenn.

A SERIOUS WORD TO THE COLORED VOTERS OF NASHVILLE:

The Greatest Wealth of Any Race is the Moral Character of its People

MAYOR HOWSE by protecting the saloons of Nashville contrary to laws and to his oath has done more to destroy the characters of men and women, white and colored, than any other Mayor the city ever had. Crime has flourished as never before. The police arrested last year 5,584 Negroes, of whom nearly two thousand were women. Thousands were sent to the work house, jail and penitentiary.

The Mayor's saloons caused three-fourths of the trouble. Twenty-six Negroes were murdered last year, the saloons were at the bottom of most of it.

One thousand and fifty six Negroes died in Nashville last year. Only five hundred and forty-nine were born. TWICE AS MANY DEATHS AS BIRTHS! Drunkenness and vice were largely the cause.

MAYOR HOWSE has never turned a hand to save poor men and boys—nor even poor women from the clutches of the saloons that rob them of their money, character and lives. If he is elected again things will go from bad to worse.

Judge Meeks offers no real relief. If he is elected hundreds of saloons and dens of vice will still be protected and allowed to work wreck and ruin upon white and black.

In the days of old, when sin brought a flood upon the earth, Noah under God's direction, prepared an Ark in which the faithful were saved.

In these later days when a flood of sin is sweeping over our city, carrying thousands down to death

Mr. J. C. Hutchinson has accepted a position with one of the largest millinery stores in Little Rock, Ark. He will leave in a few days.

Mrs. L. M. Bell, president of Lincoln Post No. 4, Ladies Relief Corps of Nashville, is in receipt of an invitation from Mrs. Marie J. Kendall, president Massachusetts W. R. C., Gardner, Mass., to attend a banquet that is to be given in honor of the officers of the Grand Army Republic at the re-union of the comrades to be held in Chattanooga, September 17th. Mrs. Bell expects to be present, and expresses herself as being very much elated over the success of the work, and the interest that is being manifested throughout the country in this department.

Miss Mary B. England, of 722 Georgia street, wishes her many friends to know she is now connected with the new Majestic Laundry. Call and see her at 420 Cedar street.

Mrs. Anna Motley, of Indianapolis, is visiting her aunt, Mrs. S. J. Dunlap.

Mrs. James Rogers, of Nashville, Tenn., has gone to Mt. Juliet to spend a few days with her mother, Mrs. Alice Shynes. From there she will go to St. Louis, Mo., where she will be the guest of her brother-in-law, Mr. Brown. Mrs. Rogers may spend several weeks in St. Louis visiting friends and relatives.

Sporting News.

A. M. E. 6, B. H. SWIFTS 3.

In a snappy game at Greenwood Park Tuesday afternoon, the A. M. E's defeated the Swifts, and thereby tied the Athletics for pennant honors. The feature of the game was the battery work of both clubs. Brannham and Ford pitched great ball. A good crowd was present, the occasion being the Field Day exercises of St. Paul A. M. E. Sunday-School.

PROF. WORK COMMENTS THE CAPITAL CITY LEAGUE.

To the Globe.

Mr. Editor—With your kind permission I desire to make a few statements regarding what I consider the most interesting group of boys in Nashville. They constitute one of the teams of our Capital City League, which in itself is several times more important than most of us are wont to consider it, for it is an organization showing effective executive power, giving to its members helpful ideas and experience in co-operation and to the public a clean, interesting diversion. I have witnessed several of the league games and from each I have come away with a higher regard for the organization.

But to me the most interesting part of the League is the "Athletics." They are a sociological study. They have been together since they were small boys, and in fact are nothing
